

JURASSIC PAINT

*The world's paintings deserve to be seen in person.
But if you can't make it to the lost world,
JURASSIC PAINT can be seen on newscenario.net this summer.*

Jurassic Paint is the second online show brought to you by New Scenario. Shot in the forest of Saurierpark, Kleinwelka, this group show combines two prehistoric yet resilient species. Where as painting is a creative act of the imagination, the dinosaurs' appearance emerges from fanciful and narrative processes of the human and scientific mind. In this show paintings and dinosaurs share the same Lebensraum, creating a new scenario.

Works on canvas and life size dinos.
